

# LAST CALL FOR ELEMENTARY SCHOOL TEACHERS

**Deadline to Apply is Sunday, March 8, 2015 by 5:00 p.m. EST**

## DTEC IS LOOKING FOR YOU!

The **Delta Teacher Efficacy Campaign (DTEC)** is seeking certified K-6 school teachers currently serving elementary grade students in urban school districts. We are looking for teachers interested in being change agents in education.

Elementary school teachers selected to participate in The Teacher Efficacy Academy (TEA) receive **FREE** professional development designed to enhance their knowledge about teacher efficacy, and instructional strategies on literacy and math.

### About The Teacher Efficacy Academy

The **Teacher Efficacy Academy (TEA)** is a nine-module online course that offers 180 teachers located in four geographic areas the opportunity to reflect, purposely, on their own self-efficacy. Upon successful completion of the course, the anticipated result is a better understanding of the correlation between teacher efficacy and student achievement.

Selected participants are required to attend one in-person session scheduled between April and May 2015 and will receive a stipend to defray travel costs. Participants, supported by a

facilitator within their selected regions, are also required to complete weekly Academy modules that include a discussion question and journal entry.

Teacher participants earn Teacher Efficacy Academy certification upon completion. Depending upon approval from a teacher's school district, the training may be used as professional development credits. In addition, Academy teachers receive a nominal First Book grant to help expand their classroom libraries.

**JOIN US AND BE AN EDUCATIONAL CHANGE AGENT!**

The **Delta Teacher Efficacy Campaign (DTEC)** is a collaboration between The Delta Research and Educational Foundation (DREF) and the Delta Sigma Theta Sorority, Inc. (DST) funded by a matching grant from the Bill and Melinda Gates Foundation. The three-year campaign is designed to enhance teacher effectiveness and promote learning among at-risk, urban students with the goal of increasing graduation rates. For more information contact:
